

# GunSafe™

## Protect Your Investment Showcase Your Collection

“I very much appreciate the quality of the materials, craftsmanship, and attention to detail—so rare these days. It’s a very handsome piece.”

*Norman R., Colorado*

# GUNSAFE...the safe you won't want to hide.

**“To have a product that gives you security for your guns, but lets you see your guns anytime you look at the case – that distinguishes them from any other product in the U.S. I’ve seen beautiful gun cases but they don’t offer any security. Now that they’re in a GunSafe in my den, I can go home and admire my guns. It’s just wonderful. I kick myself for not doing it sooner.”**

*Tracy Lee  
Grand Prairie, Texas*

**CHERRY 12-GUN  
STANDARD GUNSAFE  
77½" H x 42" W x 21½" D**

## **Whether you're a specialized collector or an accumulator of all varieties of pistols, rifles and shotguns, part of the thrill is sharing your love and appreciation of guns with others.**

Maybe your prized possession is an Italian-made Girandoni .46-caliber repeating rifle with the romance and smell of Lewis and Clark crossing the Missouri River. Or a slightly newer Colt 45 percussion revolver with a 99.9% condition rating, which you want to maintain. Maybe your collection includes a few guns that are so unique you can't even identify the make and model.

No matter what the size and value of your guns, you want to keep them secure without hiding them away in a safe or locking them in a room.

A GunSafe cabinet safely and securely displays your short guns, long guns, and any other firearms in their best possible light. Depending on where you plan to keep your cabinet, you choose the wood, finish, and style to match your office, game room, library, or vault room. Extras such as leather-lined drawers, drawer locks, and a cleaning shelf add both beauty and functionality to your cabinet.

Each cabinet we build features leather-wrapped fittings to hold gunstocks without scratching them. But the real heart and soul of a GunSafe cabinet is the wood-clad steel bar which loops completely around the cabinet, making it virtually impossible to remove a gun without first unlocking the mechanism.

So whether your collection rivals that of the NRA's National Firearms Museum or it's a small assortment of classics, GunSafe can design and build a custom cabinet that reveals your personality, and your collection's true beauty.

*We are a small family owned business. We're located 2 hours south of Chicago in the heart of Illinois, Amish Country.*

*We invite you to call us, or better yet, stop by and visit us personally.*

*Sincerely,*

*William and Elizabeth Schlabach Family*

# GunSafe Deluxe

### FRENCH STYLE 13-GUN GUNSAFE

Rustic hickory GunSafe with pull-out cleaning  
shelf and built-in magnetic knife display. This Old  
World design is distressed and glazed. Perfect for  
showcasing antique guns.

## GunSafe Shaker Style

### What is Shaker Style?

The Shaker Style is a distinctive style of furniture that was introduced to America in the late 18th century or early 19th Century by American religious communities known as the Shakers. Shakers built simple, functional, unornamented furniture with clean, elegant lines.

If you're looking for a simpler style to complement your existing furniture, or you already own some Shaker pieces, you'll appreciate these cabinets. The style is more "dressed down" with less ornate crown molding and optional flutes. GunSafe Shaker Style cabinets also feature chamfer edges, which give the connecting pieces a more finished look, much like crown molding between a wall and a ceiling.

### What makes a GunSafe cabinet special?

Each cabinet is custom built by Old World craftsmen who still take care in every aspect of their work. From the carefully selected woods to custom finishes such as distressing and glazing, each step of construction is crafted in painstaking detail. When you see a hand-carved onlay or perfectly aligned flutes, you know it's the work of a true craftsman. And with details like leather-wrapped inserts to protect your gunstocks from unnecessary scratches, it becomes clear this is not a mass-produced cabinet. Each piece is designed to meet your exacting specifications; so it's not just a GunSafe cabinet, it's *your* GunSafe cabinet. Many clients even choose to have their names engraved on their pieces.

## GunSafe Deluxe Shaker Style

**24-GUN GUNSAFE DELUXE**  
87" H x 116" W x 25" D  
Natural Alder. Doors added to center section. Locks on doors. Flutes.

"GunSafe got it right. The cabinets speak for themselves. Guests talk more about them than the trophy deer above the cabinets."  
Dr. James Campbell, Florida

## GunSafe Shaker Style 12-Gun Double Bookcase

### CHERRY 12-GUN DOUBLE BOOKCASE

87" H x 90" W x 22" D  
Shaker style, with distressing and a glaze finish. Shelves behind doors in base.

"I am more than pleased with my GunSafe. At a time when mediocrity seems to be the order of the day, the security and beauty of the GunSafe rises significantly above the competition. Thank you for a job well done."

*J.C. Whitefish, MT*

## GunSafe Deluxe Shaker Style Bookcase

### OAK 26-GUN GUNSAFE DELUXE BOOKCASE Shaker style.

## GunSafe Shaker Style

**CHERRY 12-GUN GUNSAFE**  
77½" H x 42" W x 21½" D  
With diamond inlays and flutes,  
distressing and glaze finish.

Hand wiped stain.

## GunSafe Deluxe Shaker Style Bookcase

**Quartersawn Oak Custom  
16-Gun GunSafe**  
87" H x 95" W x 22" D  
GunSafe bookcase, Shaker style.  
Flutes. Bookcase in base instead  
of kneehole.

# GunSafe Shaker Style

## What is quartersawn wood?

There are several methods for cutting lumber out of a log, including plainsawing, riftsawing and quartersawing. How lumber is cut affects its grain patterns, which determine how much it expands and contracts, and ultimately, its stability. Quartersawn wood is created by cutting a log lengthwise into quarters, then creating a series of parallel cuts, with the middle cut being perpendicular to the tree's rings. As a result, the grain patterns in quartersawn wood are relatively consistent and unique, making the wood more stable (with less expanding and contracting), and therefore preferred by woodworkers and furniture makers. Oak is the most common quartersawn wood, but it can also be found in walnut, cherry, and maple.

**QUARTER SAWN OAK 9-GUN**  
With custom carved feet for base  
with matching lateral file.

# GunSafe Custom

## All furniture pieces by GunSafe

Two 12-Gun cabinets with custom office furniture, genuine zebra skin in bookcase, and carving on drawer fronts.

# GunSafe Mission Style

**QUARTERSAWN OAK CUSTOM 24-GUN DISPLAY**

 Sliding glass doors.  
 Drawer lights come on when opened.  
 Velvet cushion drawer lining.

**MISSION STYLE 9-GUN GUNSAFE**

**QUARTERSAWN OAK MISSION STYLE 16-GUN DESK BOOKCASE UNIT**

87" H x 93" W x 25" D  
 Mission is all square edges, no crown or frills.  
 This mission unit has custom onlays on the face of the frame.

**CHERRY MISSION STYLE 14-GUN PISTOL CASE**

## What is Mission style?

Mission Style is a simplistic style of furniture that was introduced to America in the early 20th Century by followers of the Arts and Crafts movement. Mission style furniture is known for its utilitarian design, limited decoration, and ethical craftsmanship.

For a more simplistic look that will complement nearly any style of furniture, consider a Mission style cabinet. The style is even more "dressed down" than Shaker Style with no crown molding or flutes. GunSafe Mission style cabinets feature straight lines and square corners.

## GunSafe Southwest Mission Style

Gunsafe steel security door.

**12-GUN CHERRY SOUTHWEST MISSION**  
77½" H x 44" W x 21½" D

diamond knobs, and inlay theme throughout.

## GunSafe Combo Display

**CHERRY CUSTOM 12-GUN/KNIFE DISPLAY WITH 14-GUN PISTOL DISPLAY ATTACHED**

88" H x 68" W x 19" D  
Old World mahogany stain.

## Standard GunSafe Cabinets

### **12-GUN WALNUT GUNSAFE**

89½" H x 42½" W x 22½" D  
With 2 drawers, leather cleaning shelf base,  
steel safe door in base, and bird dog scene  
carving in base doors.

# Standard GunSafe Cabinets

A unique repository for displaying fine firearms without sacrificing security.

**CHERRY 12-GUN STANDARD GUNSAFE**  
77½" H x 42" W x 21½" D

**1 - QUALITY MATERIALS**

Solid hardwood construction provides strength and security.

**2 - LIGHTING**

Inset LED lighting system operated by touch control sensors inconspicuously located on display case door hinge.

**3 - LOCKING MECHANISM**

Protected by a high security lock. Locking mechanism is constructed to essentially pick-proof the lock against would-be thieves.

**4 - STEEL-REINFORCED BAR**

Gunsafe protects displayed guns with two rectangular bars of steel within wood cladding. Features a removable locking top bar for easy access.

**5 - EASY HANDLING**

Storage base and display case are separated for shipment and handling.

**6 - STORAGE**

Closed cabinet storage area for safekeeping important items.

**7 - HIDDEN SAFE**

Hidden lockable steel safe door located in base for storing ammo, pistols, and other valuables. Safe includes adjustable shelf.

## What makes a GunSafe cabinet safe?

The heart and soul of every GunSafe cabinet is a wood-clad steel bar that loops completely around the cabinet. This bar is locked and must be unlocked

with a key to release any of the enclosed guns. It's this feature that allows you to display your collection without worrying about your security being compromised.

**9-GUN STANDARD GUNSAFE**  
77½" H x 34" W x 21½" D  
6, 8, or 9 guns fit into this cabinet.  
Oak with Boston Cherry Stain.

**18-GUN STANDARD GUNSAFE**  
Oak Autumn Haze Stain.  
77½" H x 58½" W x 21½" D  
Features 2 safe doors in base.

# GunSafe Options
